INDEPENDENT REGULATORY
REVIEW COMMISSION

Dear Charles P. Fasano, D.O. ,

I am a Physician Assistant student at King's College in Wilkes-Barre, PA writing in regards to the proposed osteopathic prescribing regulations for physician assistants. As a graduate student who will be entering into the work field in two years I would love to stay in the state of PA, however if the osteopathic regulations do not change I will move out of state. Since, I will be working under physician supervision to ensure patient safety this policy concerns me and my future employment. I strongly support the proposed osteopathic prescribing regulations and they should be the same as allopathic regulations to avoid conflicts while me and my fellow Physician assistants are practicing clinically.

Thank you for your attention on this concern,

Gina Sacco PA-S
