Dear Dr. Fasano:

I am a current PA student writing to support the proposed Osteopathic prescribing regulations for physician assistants. PA's have been safely prescribing in Pennsylvania since the mid-1990's. These rules will give DO's the same rights as M.D. colleagues and allow access to care to be improved for the patient. PA's who practice currently with their supervising DO will be able to practice to the full extent of their training.
