Charles P. Fasano, D.O.
Chairman, Osteopathic Board of Medicine
P.O. Box 2649
Harrisburg, PA 17105-2649

Dear Dr. Fasano:

As a Physician Assistant student I am writing in support of the proposed Osteopathic prescribing regulations for Physician Assistants. PA's have been safely prescribing under the supervision of medical doctors for years. Osteopathic physicians should be given that same ability. Access to care will be improved because PA's will be able to practice to the full extent of their training, there will be shorter waiting times for patients and more available appointments.

The safety and care of the patient will be greatly increased if this proposal is passed and that is of the utmost importance.

Thank you for your time in the matter.

Sincerely,

Nancy Palmigiano, PA-S
