Charles P. Fasano, D.O.
Chairman, Osteopathic Board of Medicine
P.O. Box 2649
Harrisburg, PA 17105-2649

Dear Dr. Fasano:

I am writing to you in support of prescription privileges for physician assistants by the Pennsylvania Board of Osteopathic Physicians. I believe it essential for physician assistants to have prescription privileges with any physician, whether they are a MD or a DO, in order to fully provide the care they are qualified to give. Every physician should be able to benefit from the PA profession to help augment their own ability to reach more patients. As a PA, I am trained extensively in pharmacology to serve under the supervision of a physician. Whether that supervising physician is a medical doctor or a doctor of osteopathic medicine would not change my services and therefore should not limit theirs.

Sincerely,

Shanna U. Grant, PA-S

CC: Basil L. Merenda
Governor Ed Rendell.
