Chairman, Osteopathic Board of Medicine
PO Box 2649
Harrisburg, PA 17105-2649

Dear Dr. Fasano,

My name is Maria Mose and I am writing to you in support of the proposed Osteopathic Prescribing Regulations for Physician Assistants. Prescribing is a very important part of the physician assistant's job duties and scope of practice. The D.O. - PA relationship is one of cooperation, trust, and reliability. Physician assistants are trained to write prescriptions and if the D.O. has a true professional relationship with their PA then they should be trusted to write prescriptions for their patients. Allowing physician assistants to prescribe under D.O.'s saves not only the patients' time, but also that specific D.O.'s time. If you would kindly review the proposal and give it great consideration PA's everywhere would appreciate it in the utmost. Thank you for your time and consideration.

Sincerely,

Maria Mose, PA-S
