Charles P. Fasano, D.O.  
Chairman, Osteopathic Board of Medicine  
P.O. Box 2649  
Harrisburg, PA 17105-2649

Dear Dr. Fasano:

I support the proposed osteopathic prescribing regulations for Physician Assistants. In order to avoid confusion in clinical practice we should have the same regulations as the allopathic regulations. PA's have been prescribing medication for years for allopathic medicine, they should have the opportunity to do the same with osteopathic medicine. Access to health care will be improved because the PA's will be able to practice to the full extent that they were trained to.
