Subject: Proposed Rulemaking - Diesel Vehicle Idling; and Auxiliary Power Systems (#7-422)

INDEPENDENT REGULATORY  
REVIEW COMMISSION

Re: Proposed Rulemaking - Diesel Vehicle Idling; and Auxiliary Power Systems (#7-422)

The Environmental Quality Board (EQB) has received the following comments regarding the above-referenced proposed rulemaking.

Commentor Information:

Tim Quinton  
Fleetwood Motor Homes tim.quinton@fleetwood.com

Decatur IN 46733 US

~~~~~

From what I have read so far, this proposal, if enacted, could have a negative impact on our industry, i.e., motorized RV mfg. The exemptions/exceptions... seem reasonable, but we would like to see a stated exemption for the running of onboard generators, which are very small engines used to power the lighting/electrical needs of the RV. In a diesel-powered RV, the generators are also diesel powered.

~~~~~

Please contact me if you have any questions.

Sincerely,  
Michele L. Tate
