Subject: Proposed Rulemaking - Diesel Vehicle Idling; and Auxiliary Power Systems (#7-422)

Re: Proposed Rulemaking - Diesel Vehicle Idling; and Auxiliary Power Systems (#70422)SION

The Environmental Quality Board (EQB) has received the following comments regarding the above-referenced proposed rulemaking.

Commentor Information: Duane Stum ddstum@embarqmail.com 45 Cherry Grove Road Shippensburg PA 17257 US

I agree with the bill to limit vehicle idling. Since I moved to the Shippensburg area 10 years ago I have experienced trouble breathing from all the exhaust in the air. Anything to improve the air quality in the Cumberland Valley will be a help.
