~~~~~  
I strongly recommend passing the idling law. I've lived with my family in the Carlisle area for 32 years. We all have allergies and have found it difficult to breathe. The large amount of idling trucks producing pollution has not helped our respiratory problems. Trucks should not be allowed to idle without hooking up to a special apparatus so that the fine particulants do NOT enter the air we breathe. THANKS for your consideration  
~~~~~

Please contact me if you have any questions.
Sincerely,
Michele L. Tate
