Subject: Proposed Rulemaking - Diesel Vehicle Idling; and Auxiliary Power Systems (#7-422)

INDEPENDENT REGULATORY
REVIEW COMMISSION

Re: Proposed Rulemaking - Diesel Vehicle Idling; and Auxiliary Power Systems (#7-422)

The Environmental Quality Board (EQB) has received the following comments regarding the above-referenced proposed rulemaking.

Commentor Information:

Ronald Freed

Carlisle PA 17015 US

Dear members of the Environmental Quality Board: I am writing as a resident of Cumberland County, one of the most polluted areas in this country, to support the regulations to limit the amount of idling by diesel trucks and buses. With technology now offering economic alternatives, we can eliminate this practice that is harmful to humans and wasteful of precious fuel. Please vote for this regulation to improve our air quality.

Please contact me if you have any questions.

Sincerely,
Michele L. Tate
