^^

I agree with the No Idling law. However as an Owner Operator with 1 truck I am unable to afford the Auxiliary Power Unit. Now there is where the problem is for myself and many others in my position. It all boils to money to obtain the units. I myself would love to have the auxiliary unit. But as I said its money. If you have information on grants for these units I would appreciate any help in obtaining it. Thank you, Jim Crunetti  
^^

Please contact me if you have any questions.  
Sincerely,  
Michele L. Tate
