Subject: Proposed Rulemaking - Diesel Vehicle Idling; and Auxiliary Power Systems (#7.422) AND REGULATORY

Re: Proposed Rulemaking - Diesel Vehicle Idling; and Auxiliary Power Systems (#7-422)

The Environmental Quality Board (EQB) has received the following comments regarding the above-referenced proposed rulemaking.

Commentor Information: carl mcelwain cnm trucking carmack1@verizon.net 5 pheasant view dr dillsburg PA 17019 US

Hi what you don't understand is that when I am in my truck this is my HOME. Just like your home where your family keeps warm with OIL heat and electric Ac .This is where I get to have the same heat an AC that you get In your home. If you turn OFF your heat and AC TO SAVE THE ENVIROMENT because your heat and ac are putting polutants in the air it is the same oil that i use so please turn off your heat tonight have fun telling your kids that it good for the environment thanks

Please contact me if you have any questions.

^^^^^^^

Sincerely,

Michele L. Tate
