PLEASE - Can you Notify our City of Pittsburgh
"officially" - City Council - Bruce Kraus -
District # 3 (South Side) of the following problem!

EYE in a 72 yr old Disabled Veteran - Respiratory
Problems, who lives in an apt, 4 ft below street
level. There are large trucks that park in
front of my low-level windows, run over to a
coffee shop, come back to their truck and sit
there drinking coffee while their engine runs!!

IN SUMMER? - DON'T DARE OPEN MY WINDOWS FOR AIR -
Circulation - WINTER? - IT DEPENDS ON TEMPERATURE
THERE ARE INTAKE VENTS (AIR) TO DRAW IN FRESH AIR
(BOTH SEASONS), BUT EYE GETS EXHAUST DIESEL FUMES

THERE WERE (SIGNS OFF ENGINES) signs on poles, BUT
THEY WERE BENT OR RIPPED OFF BY HIGH TRUCK BODY.
REPLACED - BUT EVENTUALLY THE CITY QUIT REPLACING THEM!
EYE LIVE IN A SENIOR CITIZENS HIGH RISE AT THE CORNER
of 21st & CARSON ST. THE ONLY APT w/ A LARGE BAY WINDOW!
CAN YOU PLEASE HELP ME and the other Residents ???!
My phone - 412-390-3601. THANK YOU!!
