~~~~~  
Sample Letter: Please approve the proposed Diesel Vehicle Idling and Auxiliary Power Systems amendments to 25 PA Code Chapters 121 and 126. As em;ighted legislators, I am sure you are well aware of the environmental damages that idling diesel engines can cause, to say nothing of the fine carbon particales that are also just plain dirt. Please call me if you'd like to discuss this. Donald P. Bryan
