Subject: Proposed Rulemaking - Diesel Vehicle Idling; and Auxiliary Power Systems (#7-422)

INDEPENDENT REGULATORY
REVIEW COMMISSION

Re: Proposed Rulemaking - Diesel Vehicle Idling; and Auxiliary Power Systems (#7-422)

The Environmental Quality Board (EQB) has received the following comments regarding the above-referenced proposed rulemaking.

Commentor Information:

Donna Levin

~~~~~  
I highly support this legislation to limit idling of diesel engines. The linkage between high concentration of diesel engines in urban areas and high rates of childhood asthma seem obvious, and I would hope that any school bus driver aware of this issue would not allow excessive idling of their diesel engine.  
~~~~~

Please contact me if you have any questions.

Sincerely,
Michele L. Tate
