Re: Proposed Rulemaking - Diesel Vehicle Idling; and Auxiliary Power Systems (#7-422)

The Environmental Quality Board (EQB) has received the following comments regarding the above-referenced proposed rulemaking.

Commentor Information: Stephen Ream stever1138@comcast.net 301 Coebourn Blvd Brookhaven PA 19015 US

Diesel idling is toxic on my lungs as well as the bad smell. Diesels should be outlawed, period. Vote yes on the bill to enforce NO diesel iding.
