Subject: Proposed Rulemaking - Diesel Vehicle Idling; and Auxiliary Power Systems (#7-422)

INDEPENDENT REGULATORY
REVIEW COMMISSION

Re: Proposed Rulemaking - Diesel Vehicle Idling; and Auxiliary Power Systems (#7-422)

The Environmental Quality Board (EQB) has received the following comments regarding the above-referenced proposed rulemaking.

My house backs onto a parking lot whose owner rents space to a lot of big trucks. When they idle there (which is frequently), the fumes are horrendous. We cannot spend time in our yard while they are idling and must close the windows when the weather is warm. This has made me realize how polluting these vehicles are. Please take action to prevent diesel idling from continuing.

Please contact me if you have any questions.

Sincerely,
Michele L. Tate
