## Re: Proposed Rulemaking - Diesel Vehicle Idling; and Auxiliary Power Systems (#7-422)

## The Environmental Quality Board (EQB) has received the following comments regarding the above-referenced proposed rulemaking.

Commentor Information: Kerry Fretz fretzk@verizon.net 6 Pin Oaks Drive Phoenixville PA 19460 US

Diesel fumes have been causing severe headaches for me for years. This runs in my family and has caused me great health pains for a long time. I support the proposed rulemaking referring to Diesel Vehicle Idling.
