Subject: Proposed Rulemaking - Diesel Vehicle Idling; and Auxiliary Power Systems (#7-422)

INDEPENDENT REGULATORY
REVIEW COMMISSION

Re: Proposed Rulemaking - Diesel Vehicle Idling; and Auxiliary Power Systems (#7-422)

The Environmental Quality Board (EQB) has received the following comments regarding the above-referenced proposed rulemaking.

Commentor Information:

^^

Please limit diesel vehicle idling. I am a chronic asthma sufferer and am negatively affected by pollutants released by diesel trucks and vehicles. Sometimes I see government and business diesel trucks idling for more than half an hour with no occupant sitting inside of them. That is simply being lazy. Please provide some legislation to encourage folks to minimize their diesel emissions.
^^

Please contact me if you have any questions.
Sincerely,
Michele L. Tate
