INDEPENDENT REGULATORY
REVIEW COMMISSION

Dear Mr. Buckheit: I am writing in response to the proposed change in Chapter 42 regulations. I am in agreement with the proposed changes except for 42.11(d)(4)" maintained compliance with applicable statutes and regulations. I believe this is overly vague and could lead to some site visit waiver denials in the future. To avoid that possibility, I believe the wording for (d)(4) should be " not been in violation of applicable statutes and regulations."

Thank you for your consideration of this.
