Subject: Support for regulations

TO IRRC Commissioners:

I am writing to express my support for the recently-submitted regulations to establish stronger, consistent statewide standards for high school graduation. These regulations will ensure that high school graduates from across the Commonwealth will be better prepared to enter the workforce and to continue their education. Pennsylvania must institute these new standards if the state is to compete in the global economy.

Too many students now graduate who aren't ready for college or the workforce!

Thank you for your time,
