Thank you for responding, for example : Allow students to test out of exams, early.

Replace the 11th grade PSSA exams. Allow state designed exams, locally designed exams approved by a state board to prove. Require remediation in the subject area a student failed allow the student to re-test before graduation. Standardize PA Education.

Thank you very much for your interest.

Best..

Arthur Coccodrilli, I'm sending this Email in support of SMARTER PA, I would like to see your committee approve the regulations as presented by SMARTER PA. Do the right thing at your meeting on October 22. Sir, you have the power to regulate, don't miss the opportunity to do so...

kind regards,

A.F. Aiello

President, St. Marys Pressed Metals, Inc.
