Subject: I oppose Keystone Exams

I am a registered voter in Upper Providence, Delaware County, PA.

I STRONGLY OPPOSE THE KEYSTONE EXAMS, REG #006-312.

States that have this type of exams have a much higher incarceration rate and the rate is always heavily weighted to people of color, African Americans in particular. That makes these exams a travesty of justice and they make our country just plain not work for all of us.

Please look at who is advocating for these exams--the people who print exams and the people who build and run prisons. Both stand to profit financially from these exams.

Stop this outrage now!
