Subject: Opposition to GCA's

Dear Sir or Madam:

I am writing to express my opposition to the GCA's.

I am opposed because our students already are being tested in math, reading, and science through the state PSSA exams. More classroom time devoted to testing takes away from valuable academic studies.

Additionally, students in our district are already reaching proficiency in reading, math, and science either through the PSSA exams or through a comprehensive, local assessment.

Sincerely, Evelyn Shreve
Resident of Easttown Township
