State Board of Education Members,

As both a parent and a teacher, I am writing to express my opposition to the GCAs. I am opposed to these tests because we already test our students in math, reading and science through the state PSSA exams, and I feel strongly that valuable class time will be diverted to prepare and administer these additional tests!

Thank you for your consideration of this matter,

Janet Wolfe
Tredyffrin/Easttown resident & teacher at Conestoga High School
