Subject: Opposition to GCA's

Dear Representatives,

We are writing to express our opposition to the GCA's. We already have a comprehensive testing system in place that already evaluates our student's proficiency in math, reading and science. Further testing is just an increased burden for the kids and takes them away from their regular curriculum. We're also concerned that students with different learning styles will be penalized.

Sincerely,

Leanne and Daryn Rush
Tredyffrin Residents
