Subject: State Mandated GCA

INDEPENDENT REGULATORY
REVIEW COMMISSION

Please register my objections to another unfunded mandate from the Commonwealth. The GCA is trying to resolve an issue found in a relatively low percentage of school districts in the state and does so by ramming the solution down 501 school district's throats. If you must address some under performing districts who have allowed their diploma to loose its value, deal with it at the problem, not across the state. I have been a school director for over 27 years and this is as bad as any "helpful" proposal I have seen come out of Harrisburg.
