Dear Mr. Buckheit,

I am total support with the Pine-Richland School District not approving the Graduation Competency Assessments. This is another program that does not address diverse learners, and saying that "a one size fits all" is not part of today's society. Once more, the state always falls very short on the total cost analysis, thus putting more onto the tax payer. I hope that you will help in not supporting this system as well. Our education dollars are needed to be spent in a much more effective manner, especially for our students in a world that gives so many challenges.

Sincerely,

Mrs. Diann Metal
