INDEPENDENT REGULATORY  
REVIEW COMMISSION

I am a parent of two children in public school. One is in high school and one is in middle school. I do not feel the need for anymore testing! All we are teaching our kids anymore is how to take tests. We need to make subjects more interesting to learn about and keep kids wanting to learn more about each subject. The no child left behind makes me question the logic to it. Not all kids learn the same way. Some kids need more time on the lesson but teachers do not have the time only deadlines to meet. Please no more tests...Talk to the teachers they are not happy about this either. We are burning them out!

Sincerely,  
Kimberly Buch
