REVIEW COMMISSION**Subject:** Exit Exams

Dear Mr. Buckheit:

I support the Graduation Competency Assessments. As a school board member at the Quakertown Community School District, I know that some graduates don't earn their diplomas. The administrators, of course, know what is happening but do nothing to correct the problem.

The exit exams would expose the farce and motivate the administrators to take corrective action. Please do all you can to make the exams a requirement for graduation.

Thank you.

Manuel Alfonso
