INDEPENDENT REGULATORY  
REVIEW COMMISSION

To: State Board of Education

As a former Special Education Teacher and Director, I am opposed to the GCAs for our special education students. It is important to the future of these students who will be unable to get a decent job without a high school diploma. They have proven over 12 years of education and hard work that they have earned a diploma.

Sincerely,

Fred Krause

Past Executive Director,

Presidents Committee on Mental Retardation
