

# 2696

**RESOLUTION OPPOSING THE PROPOSED KEYSTONE EXAMS  
BY THE BOARD OF DIRECTORS  
OF THE WELLSBORO AREA SCHOOL DISTRICT**

---

**WHEREAS**, the Pennsylvania Department of Education had approved a proposal to revise the current high school graduation requirements under the Chapter 4 regulations to require students to pass a series of standardized high stakes Graduation Competency Assessments in order to get a diploma; and

**WHEREAS**, the General Assembly of Pennsylvania placed a one year moratorium on the State Board prohibiting them from implementing regulations to establish GCAs or proceeding any further with them without the sanction of the General Assembly; and

**WHEREAS**, the State Board has ignored the one year moratorium placed on them by the General Assembly under Act 61 of 2008 which prohibits the establishment of high school graduation requirements and issued Requests for Proposal for the GCA tests in August 2008, which will now be known as the Keystone Exams. The State Board is ready to award a contract when the one year moratorium expires; and

**WHEREAS**, the State Board and the Pennsylvania School Boards Association have entered into a joint agreement that would replace the highly controversial and highly objectionable GCA proposal with an alternate proposal that is also highly controversial & highly objectionable, known as the Keystone Exams; and

**WHEREAS**, there is a broad requirement for local assessments to be aligned with the state academic standards and include performance level expectations to be comparable to the PSSA or Keystone Exams; and

**WHEREAS**, the Keystone Exams proposal permit schools to use a local assessment option, these local assessments must be validated in order to be used. The proposal states that, "*PDE will establish a Local Assessment Validation Committee to develop criteria for the validation process and criteria for the selection of approved validation entities...The committee's criteria for the validation process and criteria for selection of validation entities will be submitted to the State Board of Education for approval or disapproval.*" The cost of validation is to be evenly divided between the district and the State Board; and

**WHEREAS**, the costs associated with validation will be an additional burden to school districts and taxpayers across this state, and the proposal requires school districts to absorb many new costs related to revising curriculum, professional development, test preparation and administration, remediation and other costs; and

**WHEREAS**, the State Board has noted that the cost for the development and implementation of these exams would cost \$210 million dollars over the next 7 years and in light of the economic times in this Commonwealth and the nation, the Governor, the State Board and the Pennsylvania School Boards Association should not be adding an additional expense to districts and taxpayers and with the limitations of Act 1 on tax increases, school districts have limited ability to fund any potential new costs; and

**WHEREAS**, the State Board has already sent out the preliminary revisions to the current Chapter 4 regulations in regard to the Keystone Exams, these new regulations leave many unanswered questions and much ambiguity; and

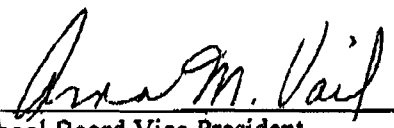

**THEREFORE, BE IT RESOLVED** that the Board of Directors of the Wellsboro Area School district oppose the joint proposal between the State Board and the Pennsylvania School Boards Association to enact the Keystone Exams. With the additional costs to school districts and taxpayers, school districts will implement and use the Keystone Exams thereby making the Keystone Exams mandatory, as school districts may find that they have no alternative but to choose the Keystone Exams due to cost and complication related to the validation process; and

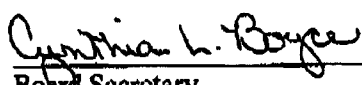

**WHEREAS**, the Board of Directors of the Wellsboro Area School District will hereby continue to support legislation to extend the moratorium as well as any legislation against any new test development or implementation and funding being used for this purpose; and

**WHEREAS**, this resolution will be shared with the State Board of Education, the Pennsylvania School Boards Association, state legislators including local legislators and members of the Senate and House Education Committees and any others as this board directs; and

**FINALLY, BE IT RESOLVED** that the Board of School Directors of the Wellsboro Area School District hereby directs the Superintendent and Board President to communicate this resolution to other school districts within the Commonwealth of Pennsylvania and to members of our community, encouraging other school boards and individuals to take similar action on this issue.

ADOPTED this 14<sup>th</sup> day of April, 2009

  
School Board Vice President

Attest:  
  
Board Secretary (SEAL.)
