To Whom It May Concern:

I am writing to express my opposition to the current proposed final form of Chapter 4 regulations to require Keystone Exams as end of course/graduation requirements for students. This plan will unfairly distort the "meaning" of the Grade Point Average by factoring the value of one standardized test score to count for 1/3 of a student's grade. It is unfair that students scoring below basic on a Keystone Exam or on a module get NO credit for what they do know, but instead will be given a 0% for 1/3 of their grade, rather than the score they have earned on the test. The weight of 1/3 and the 0% floor will unfairly affect students competing for acceptance into colleges and for scholarships.

Replacing our rigorous mid-terms and finals with Keystone Exams will serve to narrow the curriculum in our high school. Furthermore, it is not educationally in the best interest of students to administer the same Keystone Exam to students in General Biology, Accelerated Biology, and Honors Biology, replacing the assessments that have been designed to reflect the rigor of those various courses. Additionally, it is unfair that students who score Proficient will have that score count as 1/3 of their grade with no chance to increase that score, while other students who may score slightly less than Proficient will have another opportunity to raise 1/3 of their grade by re-taking the exam.

Please do not create a new testing program with no basis in research, as other worthwhile educational programs are being cut in order to manage the current economic crisis. Money should be spent for teaching and learning rather than for more testing.

Sincerely,

Reggie J. Bonfield, Ed.D.
Superintendent
