I wanted to express my sincere gratefulness in the changes that have been made concerning dental hygienist and the capacity at which we are allowed to practice. I have been a hygienist for a short period of time but I have been looking forward to these changes. I have learned so much these past two years within my field and know that these changes are going to be very beneficial to the patient as well as the practice.

Thank you again for having the wisdom and faith in our profession.
