INDEPENDENT REGULATORY  
REVIEW COMMISSION

9-2-2008

To: Christopher Gorovich  
ST. BOD

I would like to commend the Board on finally publishing the regulations improvements for the practice of dental hygiene. I have been a practicing dental hygienist since 1964 in the state of Pennsylvania and have worked thru many changes.

It was about time that Penna. dental hygiene practices caught up with other states.

Our focus has always been on prevention and access to care and I believe these regulation improvements will help us in achieving our goals.

Thank you

Joann R. Fleming
