Subject: Changes in Hygiene Regulations

2008 SEP 16 AM 11:19

INDEPENDENT REGULATORY
REVIEW COMMISSION

I am very excited about the changes that the PA ADA is proposing in regards to Dental Hygiene. This will free us to do more for those segments of the population that have no access to quality dental care and will make the hygienist more productive and effective in the dental setting. Thanks! Juliya Rymarenko, RDH, B.S.
