Dear Mr. Grovich:

I strongly support the changes to the Dental hygiene regulations that provide for the administration of local anesthesia. I also support the creation of the Public Health Dental Hygiene Practitioner and the change in wording to "General" supervision for patients seen with an exam within one year. This would include taking radiographs.

I also support three (3) hours of C.E. in communication skills for RDHs.

Sincerely,

*Daniel C Wurster*
