Dear Christopher Grovich,

As a dental hygiene student, I support the following Dental Hygiene regulations:

- The creations of a Public Health Dental Hygiene Practitioner
- Change in Supervision: dentist & RDH decide supervision needed.
- Change from direct to general supervision for radiographs
- Allows for 3 hours of continuing ed. In communication skills for RDHs

I would like the wording for supervision of RDH in private practice to: "level of supervision will be determined by the dentist and the RDH after review of the patients' medical and dental history"

I would also like the inclusion of free health clinics (Volunteering, non-profit clinics etc.) for Public Health Dental Hygiene Practitioners
