Christopher Grovich,

I am a dental hygiene student at Harrisburg Area Community College and I strongly support the changes that are being made. I would like to join PDHA in recommending revised wording for supervision of RDH in private practice: "as determined by the dentist and the RDH after review of the patients' medical and dental history." I also support the Inclusion of free health clinics like Community Volunteers in Medicine as sites for Public Health Dental Hygiene Practitioners to practice, but overall we are very pleased with these regulations.

Thank you,

Elizabeth Cool, SDH
