

September 7, 2008

Dear Members of the Independent Regulatory Review  
Committee,

I am writing in support of the proposed regulations permitting registered dental hygienists to administer local anesthesia. I have been a periodontal patient for 33 years. My confidence in her is so great, that I follow her to wherever she happens to be working. I have seen several periodontists in various offices that she has worked. She has made me feel so comfortable, that I would go to a different periodontist tomorrow if she would be working there.

I would be extremely pleased to have my dental hygienist offer me this service again.

Thank you for your consideration in this very important matter.

Sincerely  
Linda France
