 REVIEW COMMISSION

Dear Secretary Crum:

I am writing to follow up the comments I provided on behalf of the Workers' Compensation Section of the PBA. My statement that the comments were on behalf of the Section were incorrect as the PBA by-Law were not correctly followed by myself in regard to such comments. The comments can only be considered to have come from interested practitioners in the field.

Please note such a change regarding the comments that were submitted. I apologized for the incorrect information.
