Dear Ms. Steffanic,

I am writing you regarding the proposed changes to the CRNP regulations in Pennsylvania. In short, these changes reflect:

- 1) Established practice in most other states
- 2) Evidence backed by many studies showing the safety and competence of NP's practice and knowledge of pharmaceuticals
- 3) Monetary and time savings by the consumer
- 4) Maintained coordination of client care with collaborating Physician.

Thank you for your attention,

Lois Harrold RN CRNP
