Dear Sue Madson,
 INDEPENDENT REGULATORY
 REVIEW COMMISSION

I am writing on behalf of my nurse practitioner.

I have a very good relationship with my nurse practitioner at my ENT office. She is able to explain my prescriptions so that I will be able to understand everything clearly.

I am asking that you stop the barrier she has in prescribing narcotics. Can you please assist in extending the privileges to prescribe Schedule II, III & IV narcotics ^{from} ~~to~~ 30 to 90 days?

This impedes access to care

Thank You

UU
