Dear Ms. Stefanie,

I am writing this letter to you in support of all Pa. N.P.s. I am a recent adult NP graduate from Dec 2007, and now work full-time as an adult Rheumatology NP. It is an exciting and very busy practice. At my last NP meeting via the Chestnut NP Association, it was discussed that there are new proposals that need to be addressed.

These changes include the ratio of NP to physician to be removed due to the increased workload of the physicians. Also it is necessary to extend the prescriptive authority to go from 30 to Schedule II, III, + IV drugs; this allows less money for the pt to spend + more consistent compliance of drugs. Please look at these requests + allow me to contribute to practice in a professional, safe manner. Thank you for supporting all Pa. N.P.s.

Sincerely,
CHERYL WISZORNYK
