Dear Sir or Madam,

Hello. I'm writing to tell you what a pain in the butt it is that my CRNP can't sign my prescriptions for me. I work the night shift and would like to get in & out of the doctors office quickly and as early in the morning as possible. Instead, I have to wait for the doctor to come in (hours later) and get my prescription from him long after I've had my appointment. It's ridiculous! It takes me half the day to get everything done at the doctors office & then I have trouble staying awake to drive home. Please change the law so my CRNP can sign prescriptions.

Thank you,

Sincerely,
