RE Incorrect regulation number

On July 20, 2009, the Department delivered regulation number 11-238 (IRRC #2740) to the Standing Committees and the IRRC. On the transmittal, there is a typo in the regulation number. The transmittal states number 11-240; however, the title of the regulation, Annual Audited Insurers' Financial Report Required (Chapter 147) is correct and that regulation was indeed delivered to the Standing Committees and the IRRC.

Please accept this memo as clarification to the confusion that this may have caused.
