=====

This proposal seems simple enough. The "needle" thing has always been prohibited so they are just clarifying as I see it.

The PA State Board of Chiropractic (Board) published this proposed regulation in the February 21st, 2009 edition of the *Pennsylvania Bulletin*.

It is available on the web at the following link:
<http://www.pabulletin.com/secure/data/vol39/39-8/299.html>

It is also available on our website at the following link:
<http://www.irrc.state.pa.us/Regulations/RegInfo.cfm?IRRCNo=2746>

The Board is inviting the public to submit written comments on the proposal. Please reference Regulation ID# 16A-4317 (IRRC# 2746) on the correspondence. The deadline for submitting comments to the Board is March 23rd, 2009.

If you have any questions regarding the regulatory review process, our website (www.irrc.state.pa.us) can be helpful in providing you with this information. In addition, please contact me with questions as well.

Thank you.
