**RE: State Board of Chiropractic
Needle Acupuncture**

Dear Regulatory Counsel:

As President of the Pennsylvania Medical Society, I am writing to support the proposed amendments to the chiropractice unprofessional and immoral conduct regulations published for comment in the February 28, 2009, *Pennsylvania Bulletin*.

Advertisement of medical procedures, including those of needle acupuncture, should only be done by those trained and registered with the State Board of Medicine or the State Board of Osteopathic Medicine. The Medical Society supports the proposed amendments, as written, to the State Board of Chiropractic regulations.

Sincerely,

Daniel J. Glunk, MD
President
