Regulation No. 7-428 (#2755)
Environmental Quality Board
Adhesives, Sealants, Primers and Solvents

On March 20, 2009, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Environmental Quality Board (Board). This rulemaking amends 25 Pa. Code Chapters 121, 129 and 130. The proposed regulation was published in the April 4, 2009 *Pennsylvania Bulletin* with a 65-day public comment period. The final-form regulation was submitted to the Commission on October 1, 2010.

The regulation adds volatile organic compound emission limits for the use and application of 37 categories of products that are currently unregulated in this Commonwealth, including adhesives, sealants, adhesive and sealant primers, and adhesive or sealant products applied to particular substrates.

We have determined this regulation is consistent with the statutory authority of the Board (35 P.S. §§ 4005(a)(1) and (a)(8)) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

BY ORDER OF THE COMMISSION:

This regulation is approved.
