Mr. Smith:

Per our conversation on yesterday, the PUC has decided to withdraw the final rulemaking that promotes a competitive natural gas retail market (Regulation #57-269, IRRC #2772). The PUC is withdrawing this final rulemaking in order to make some clarifications to Annex A of the Final Rulemaking Order. We believe that the revisions we contemplate making are non-substantive changes to the final regulations. We are informing all parties to the proceeding via a Secretarial letter of the clarifications that will be making and then re-submitting the revised final rulemaking to IRRC for its consideration and review. If you have any further questions, please contact me. Thanks.
